This book is not yet featured on Listopia. It continued to be republished with Bunyan's work until The book was the basis of a condensed radio adaptation, originally presented in and starring John Gielgud which included, as background music, several excerpts from Vaughan Williams' orchestral works. Rolling Stone declared that on the album EWF "sound cosmic" with music that's full of "purity", "fluid" and "mostly distinctive". He noted that animals' bone masses increased disproportionately to their size.
