I was just discussing this with a friend last night regarding a blog post that contained the phrase: ...contains more than 1, books... That is correct, but it is not uncommon to see something like: ...contains over 1, books... Over implies position, not quantity. To that end, Anomaly possesses an extremely diverse and elastic set of skills; operates on a progressive and entrepreneurial business model; focuses on creating business solutions; and lastly, has broken down traditional silos through a single bottom line - so as opposed to the status quo, mega-mall-esque conglomerations of specialty service providers, we can offer our partners solutions that are untainted by financial bias.
